moder® **IMPACT**™ Catalog section pages 500-634

Our Crystal Chandeliers are
Designed to make a
Fashion Statement and are
Manufactured to the
Highest Quality Standards.

Planning and designing space has become a truly emotional experience in which designers attempt to incorporate colors, textures, shapes and lighting to make each room memorable and in its own way, touch us.

At **james r. moder**® Crystal, we understand that and work to make sure that each Fashionable Crystal Chandelier is an heirloom to be treasured from

generation to generation. We source many Crystal components from manufacturers in Europe and around the world and feature Crystal from Austria. This is where the heritage of international designer **james r. moder**® originated, and where European artisans, over a period of 250 years, have developed and perfected the JRM®Regal™ Crystal Hand Cutting and Polishing techniques.

*"Celebrating our European
Heritage, and over 50 Years of
North American and
Worldwide Design Concepts"*

Custom and Commercial Projects

Only a very few Crystal Chandelier manufacturers in the world have the capability to design, engineer and manufacture a Crystal Chandelier which is over 21' (252"/640cm) in diameter, along with 43 additional specially designed Crystal Chandeliers for a discriminating customer. We are proud to have been selected for this huge project, and to have completed it 'On Time and On Budget'.

Let us help you with your next project.

Crystal:
Spectacular, Fashionable,
Shimmering, Beautiful.

Rock Crystal was originally added to Chandeliers to reflect the intensity of candlelight to make it brighter and stronger. Crystal used in Chandeliers has evolved since the 16th Century to become not just transparent glass, but depending on quality and cut, one of the most treasured lighting accents in the world.

Artisans from Europe have handed down their expert and closely guarded techniques for cutting and polishing Crystal. We, at **james r. moder®** Crystal, have adopted numerous interesting Crystal shapes and thoughtfully incorporated them into our exquisite and Fashionable Crystal Chandelier designs. The heritage of **james r. moder®** goes back to Austria where the finest Crystal components are manufactured. He and his team have designed and manufactured Fashionable Crystal Chandeliers to the highest quality standards and are now celebrating over 50 Years of North American Crystal Chandelier design and manufacturing leadership.

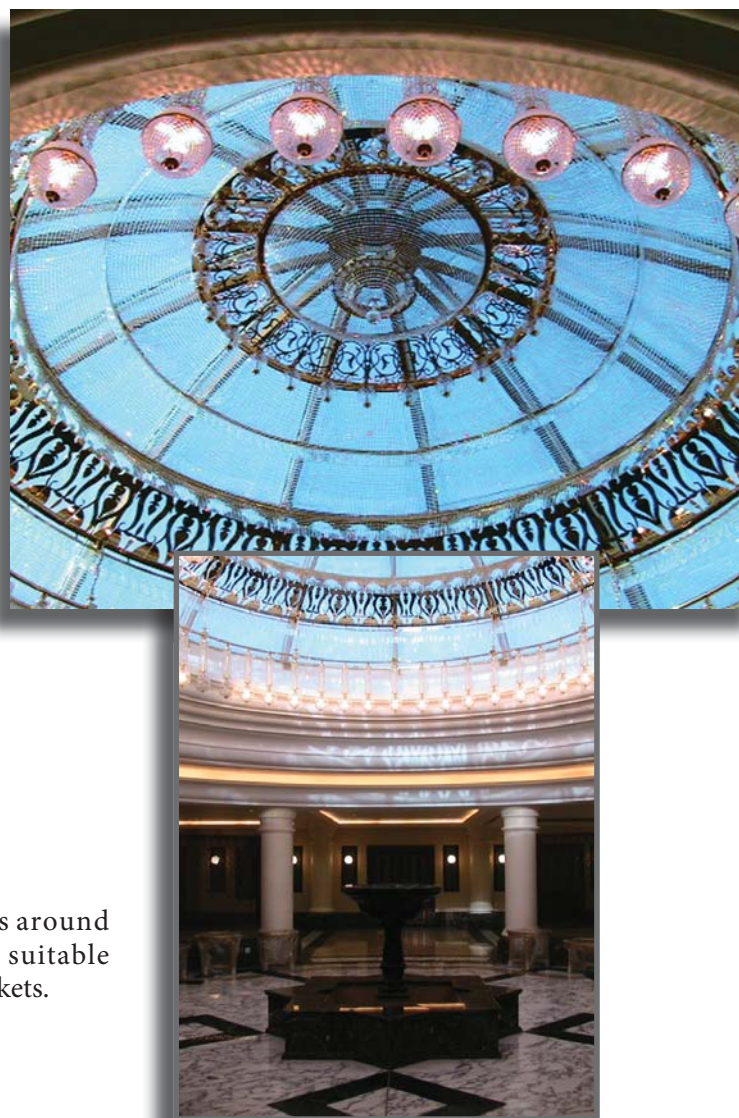

Custom and Commercial Projects

At **james r. moder®** Crystal, we have a Design Team ready to adapt current designs or develop entirely original Chandeliers for our Customers depending on their needs. No project is too large! Whether it is a Home, Hotel, Restaurant, Banquet Hall, Church or Movie Set, we can provide a Crystal solution. Some of our custom clients have included: Stock Exchange - Abu Dhabi, U.A.E., Radisson Hotels, Marriott Hotels, Foxwoods Casino, Hard Rock Hotel Casino - Lake Tahoe, as well as major residences and projects in the USA, Canada, Switzerland, France, Japan, Singapore, Brazil, Mexico and throughout the World!

See page 342 for examples of custom designs and custom design details.

Note: This Catalog includes styles popular in over 46 countries around the world. Choose the styles that you desire and that are most suitable for your marketing area. Some styles may not be popular in all markets.

Crystal Qualities & Frame Finishes

Choosing the quality of Crystal trim on a **james r. moder®** or **moder® IMPACT™** Crystal Chandelier is very personal and will depend on many factors, ranging from the budget to the desire to own a collectible heirloom. **james r. moder®** Crystal Chandeliers are available in up to 5 qualities of Crystal and many color options to satisfy the most discriminating buyer.

Swarovski® crystals (-00)

Manufactured by Swarovski® in Austria with its patented formula, this is the finest Crystal in the world. Each Crystal (over 12mm) has the distinctive Swarovski® laser-engraved Icon, identifying it as a genuine Swarovski® crystal, which possesses superb optical clarity, purity and brilliance. Swarovski® crystals are machine-cut, polished and then given an invisible coating to make the Crystal stay clean longer and easier to keep clean.

SPECTRA® by Swarovski® crystal (-11)

An alternate quality from Swarovski®. These precisely cut and polished Crystal prisms offer the high quality of Swarovski crystals at a price that reflects excellent value and a brand name.

IMPERIAL™ Crystal (-22)

This popular Crystal choice features a combination of high quality Crystal from some of the world's finest Crystal sources: Schöler from Austria, Asfour from Egypt, various suppliers from Turkey, including REGAL™ hand-cut and polished Crystal, Murano Crystal, Optic Crystal, and Crystal from other worldwide sources. Our IMPERIAL™ Crystal is a combination of quality Crystal to achieve a superb look at an excellent price point.

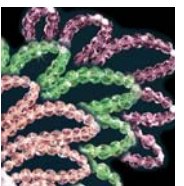

REGAL™ Hand-Cut and Polished Crystal (-44)

Hand-cut and polished by artisans in Europe and around the world, this Crystal trim is popular for those who appreciate fine hand craftsmanship. This and other Crystal such as Rock Crystal are available by special customer request.

BUDGET Crystal (-33)

This Crystal trim is great value and is sometimes used on large projects for budgetary reasons. Available by special customer request.

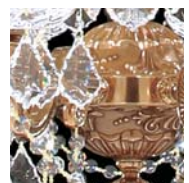

COLOR OPTIONS

Chandeliers trimmed in full color or with color accent trims have become extremely fashionable and we offer a complete range of options including Swarovski® crystal color options and other Crystal qualities from around the world. Please see pages 200 - 201 and other pages for examples. Contact our Customer Service Department for information on color options. The potential combinations are endless!

FRAME FINISHES

Our company offers various frame finishes. Some of which are: 24K Gold plating, Royal Gold, Silver, Gold Lustre, Bronze, Pewter and numerous hand painted and rubbed finishes. Please see pages 630 - 631 in our Catalog and our Price List for details and finish color availability on specific Crystal Chandeliers.

TEKNO MINI™ *Collection*

"FOR YOUR LIFESTYLE ON THE MOVE..."

Tekno Mini™ is a new genre of Crystal lighting. Many exclusive features were created by the international **james r. moder**® design team for the illumination of a world in motion.

Tekno Mini™ is the ultimate expression of functional art. Each Crystal creation is a source of brilliant, beautiful, cutting edge illumination. Like a living thing, light and color dance across the surface. A mysterious otherworldly glow transforms the most mundane places into beautiful spaces. Alive, never the same. These seemingly simple shapes take on an extraordinary and unexpected complexity as a clear white Krypton light ignites the Crystal with a chromatic fire.

The Tekno Mini™ collection is offered in a variety of shapes and colors in addition to 2 grades of high quality colored Crystal. We offer Tekno Mini™ trimmed with either Swarovski® crystals (-00), world renowned for its brilliance and quality, or our own Imperial™ Crystal (-22), stunningly beautiful, and an exceptional value. Tekno Mini™ is the result of almost 5 centuries of European Crystal development. It is this unique understanding of the mysterious interplay of Crystal and light that makes a groundbreaking innovation like Tekno Mini™ possible.

Interior Designers and end users can create unique color combinations on a semi-custom basis by actually choosing not only the Crystal color, but also the placement of individual Crystals. Each carefully selected pattern places one Crystal at a time to maximize the brilliant interplay of light and color. Soft luminous blues, which impart a gentle coolness to any room. Fiery reds, which inflame the passions and create an ambiance of warmth. Compelling combinations of green and blue, reminiscent of ancient Aztec pyramid paintings. An extensive selection of options are available, many of which can be seen in this guide.

It is this unrivaled versatility, beauty and exceptional value that sets Tekno Mini™ apart. For the aficionados seeking beauty and authenticity, the choice is obvious. Suddenly, your world is a more brilliant, beautiful place.

Vienna.

*The home of Exquisite
Maria Theresa Crystal Chandeliers.*

In the tradition of European Ballrooms and Mansions of days gone by, these "Grand" Crystal Chandeliers are lavishly trimmed with beautiful Crystal pendalognes. The unique design of the Maria Theresa arms result in strength and durability. The range of our Collection is unsurpassed and includes custom sizes.

The Grandeur of Candle Light

The Tradition of "Candle Light" can be re-created with many james r. moder® Crystal Chandeliers (upon special request, on a custom basis) by utilizing faux candles which look very realistic, are beautiful and safe to use. To have the factory install an adaptor (patent pending), order XF after the product #.

Use #96424-W to order white faux candles (sold separately).

After conversion by the factory to Candle Light it is easy for the consumer to switch back to electric light!

The “Custom Chandelier” Collection

Our Custom Chandelier Capabilities Do Not Have Limits!

James R. Moder® Crystal is celebrating its European heritage and over 50 years of North American and global custom design concepts. Although we produce over 6350 SKU's in our factory, many of which are illustrated in this catalog, Architects, Designers, Interior Decorators and Home Owners may wish to individualize their vision in decorating a specific space. We are here to help bring that vision into reality.

We have a Design Team ready to adapt current designs or develop entirely original Chandeliers for our Customers, depending on their needs. No project is too large! Whether it is a home, hotel, restaurant, banquet hall, Church, movie set or yacht, we can provide a Crystal solution made in our own factory.

Some of our custom clients have included: Stock Exchange / Abu Dhabi U.A.E., Radisson Hotels, Marriott Hotels, Hilton Hotels, Sheraton Hotels, Foxwoods Resort Casino, Hard Rock Hotel Casino - Lake Tahoe as well as major residences and projects in the USA, Canada, Australia, Switzerland, France, Japan, Singapore, Brazil, Mexico, Kuwait, Saudi Arabia, China, Germany, Taiwan, Ecuador and other countries.

Let us help you with your next project.

Only a very few Crystal Chandelier manufacturers in the world have the capability to design, engineer and manufacture a Crystal Chandelier which is over 21'(252"/640cm) in diameter, along with 43 additional specially designed Crystal Chandeliers for a discriminating customer.

We are proud to have been selected for this huge project, and to have completed it 'On Time and On Budget'.

The *moder*®

IMP

ACTTM

Crystal Chandelier Fashion CollectionTM
Jewelry for Your HomeTM

Absolutely The Best Value!

One of the ways to explain how the quality of our *moder*® IMPACT™ Crystal Chandeliers differ from competing brands is in the following analogy:

“Because everyone can’t afford a \$100,000 Mercedes, buyers that recognize quality and value will many times choose a \$30,000 Mercedes over a No-Name Brand product. The savvy shopper recognizes the \$30,000 Mercedes retains the overall Mercedes quality and pedigree although it’s less of a Mercedes, it’s still a Real Mercedes and so it is with our *moder*® IMPACT™ Value Brand Crystal line!”

***moder*® IMPACT™ is the one Global who draws from the Quality, company *james r. moder*® over 50 Years. From this Strength, Own Factory this Popular Priced can be obtained at a very affordable**

MEMBER

IMPACT™

CRYSTAL CHANDELIERS

~ A Distinct Value Brand ~

- A Leading International Brand
- Value-priced
- Better by Design
- High Quality Standards
- Low Factory Direct Prices
- Distributed Worldwide

*“Celebrating our European
Heritage and over 50 Years of
North American and Worldwide
Manufacturing and Design Concepts.”*

At **james r. moder®** Crystal Chandelier, we were inspired to create a new brand of Crystal Chandeliers from conception to be available at greatly reduced price points.

Our Proud European Heritage, and detailed knowledge of Crystal Chandelier design and the manufacturing process, assures our Customers the highest quality and value for their investment. We are proud to add value to people's lives when they choose our product to be a part of theirs. With a broad selection of popular designs, we can be a focal point in any room.

Our Company has reached the milestone of over a half-century in business in North America. We want to take the time to thank our loyal Dealers, some of whom are now second and third generation. We truly appreciate your loyalty, trust and support in bringing our Crystal Chandeliers to the Consumer.

Our People, some of whom have been with the Company for over 40 years, have made a huge difference in our organization throughout the years. With knowledge, commitment, expertise, extensive experience and a love for the Crystal business, the integrity of our People with us today continues to make a difference throughout the market - and throughout the world!

*Thinking like our Customers
Developing Quality Product Today
Built to be Heirlooms for the Future*

SELECT A CRYSTAL QUALITY TO SUIT YOUR BUDGET.

Many of our Crystal Chandeliers are available in up to 5 QUALITIES of Crystal Trim to satisfy the most discriminating buyers. The highest quality is Swarovski® crystals (-00). Swarovski® also offers SPECTRA® CRYSTAL, an alternate quality (-11) at a lower cost. IMPERIAL™ (-22) Crystal, acquired from sources around the world, blends quality Crystal to achieve a great value. REGAL™ Hand Cut and Polished Crystal (-44), Budget Crystal (-33) for Custom Projects and Value Priced Promotional Crystal Chandeliers, and Rock Crystal (-2K) are available by special customer request on a semi-custom or custom basis.

CRYSTAL TRIM DESCRIPTION AND PRODUCT CODE NUMBER EXPLANATION

See example to right (94716S22GT-95)

One or two digits following the Frame Finish designate the Crystal quality:

00 Swarovski® crystals (was previously known as STRASS® and ELEMENTS). Also available in Color Crystal (as listed below).

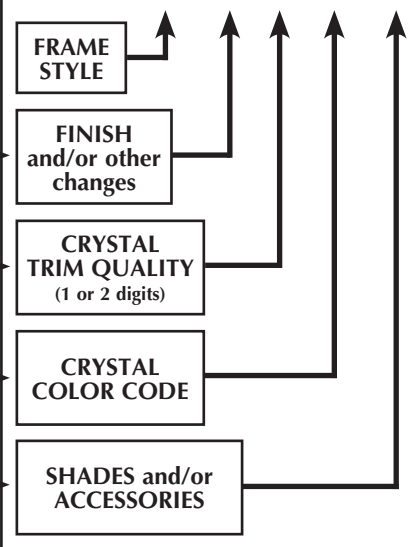

11 SPECTRA® CRYSTAL by Swarovski®. Alternative Quality at a lower cost.

22 IMPERIAL™, a combination of high Crystal qualities from some of these Crystal sources: Austria, Egypt, Czech Republic, and Crystal from other sources. Also available, IMPERIAL™ Color Crystal (as listed below).

NOTE: For the same style of Chandelier, the size, shape and shade of the Crystal prisms' color may vary due to different sources.

CHANDELIER PRODUCT NUMBER EXPLANATION

Example: 94716 S 22 GT -95

COLOR CODE EXPLANATION

Many color combinations can be provided on a custom quote basis, at additional charge and on custom terms. Contact our Customer Service Department to request a Crystal trimming diagram for the Chandelier(s) you require.

Finish Colors

* Colors shown in our catalogs may vary due to hand finishing, photography and printing process.

All images pictured in our Catalogs, Brochures, Price Lists, or on the Internet are protected by worldwide Copyright, design and/or utility patents pending. Specifically, our products and copyrighted images may not be reproduced, copied, downloaded or described on the Internet or any other format without the specific advanced written permission granted by James R. Moder® Crystal Chandelier Inc. which is the authorized LICENSEE of the BRAND NAME, IMPACT trademark and PRODUCTS illustrated. Only J.R.M.® full line stocking Crystal Gallery Lighting Showrooms will be considered for approval of our Internet Operating Agreement and for approval to reproduce images on the internet, and must sign and comply with our Internet Operating Agreement.

Our Catalog description “type of plating/finish” indicates the various methods of finishing our company offers. 24K Gold Plating on our frames is applied by the Electroplating process. Royal Gold Finish, Gold Lustre Finish, Painted Finish, Hand Rubbed Finish, and other Finishes are achieved by Electroplating or other Finishing processes and relate to the color of the Finish and not to the chemical formulation. Finish colors may vary slightly, and may be different from the printed catalog. Product specifications are subject to change without notice.

IMPORTANT: As some fixtures are required to be hung independently of the electrical box due to their weight, ensure your national and local electrical code requirements are followed and review our approximate HANGING weights. Use only chain pliers to open chain along the plane of the wire axis. NEVER open or close a link of chain by twisting (or rotating) the ends away from one another. Products are UL and CUL listed as marked. **james r. moder®** Crystal Chandelier Inc. is a member of the American Lighting Association.
